

IHS Jane's Defence & Security Modules deliver world-leading news, insight and analysis by domain, subject and geographical region to provide users with the most comprehensive and targeted view possible of their specific area of interest.

With a narrower focus than IHS Jane's Intelligence Centres but a broader scope than standalone

Military Planners and Strategists

- Military capabilities analysis
- Threat assessment
- Horizon scanning and scenario modelling

Intelligence Analysts

- State stability and country risk analysis
- Military capabilities analysis
- News, trends and developments monitoring

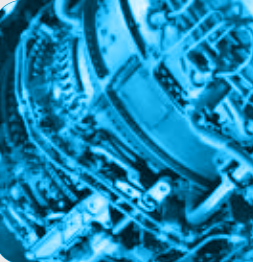

Defence Procurement Teams

- Technology benchmarking
- Supplier bid and proposal assessment
- Whole-life cost analysis

Security Officers and Risk Assessors

- Local and regional risk assessment
- Asset, infrastructure and supply chain risk analysis
- Mitigation planning

Engineers and Technical Leads

- Technology benchmarking
- Requirements assessment
- Capability growth path development

Marketing and Strategy Professionals

- Market sizing and scoping
- Capability gap analysis and opportunity identification
- Competitor, supplier and partner analysis

Online Intelligence Briefings

Subscribers to IHS Defence & Security Modules receive free access to IHS Jane's Online Intelligence Briefings.

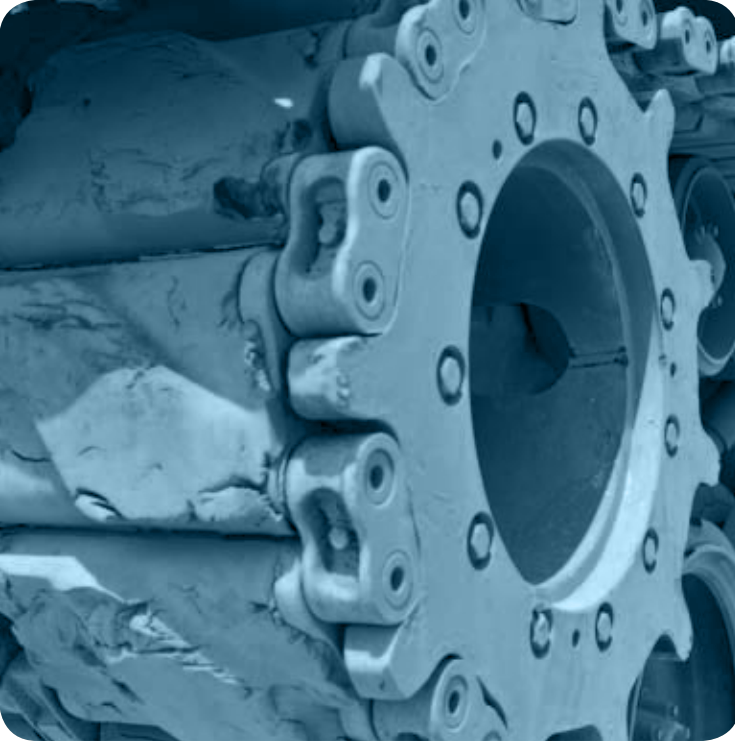

Providing 45-60 minutes of presentation plus an open Q&A with a panel of experts, these briefings represent a unique opportunity for government, military and defence industry professionals to get behind the headlines and learn more about the issues that are shaping the future of the defence, security and business landscapes.

Visit www.ihs.com/onlineintelligencebriefings to view briefings taking place in the next month.
