

# Hinton **SMART**pay Service

## How it works

- A certain amount of credit (min. US\$10K) is prepaid for a 12-month service.
- The credit can be used for any market and technical information that is available in the market.
- Hinton Information Services will decide the discount rate, if any, to be given to customer for each report ordered.
- The service is terminated automatically after the expiration date or the outspent of the account, whichever is earlier.
- Refund of the remaining credit is not allowable unless a rational and agreeable reason is addressed.

## Benefits

- **Pay for necessary** – Buy only those are necessary and useful to the research needs.
- **Pay for less** – Get discount rate for most of the reports.
- **Pay for hassle free** – No more paperwork and payment preparation for single report ordering.
- **Easy to manage account** – An account statement will be updated and sent to end user upon purchase of each report. It shows the report purchased in the past and the remaining credit.
- **Flexible top up option** – Top up is allowable at anytime, any amount.

## Research Partners

Below are selected research partners that Hinton is working with:

Aruvian Research	BIS Shrapnel	Business Insights
Business Monitor Int	Datamonitor	Databeans
ETP	Forward Concept	Frost & Sullivan
